

safeTstretch System by Wrapstik
The safest and most economical way to hand wrap pallets

reachsafeTstretchsafeTstre

- Stiffer and stronger than conventional hand wrap films
- Greater load holding force(less load shifting during transit)
- Easier to use, costs less per load
- Less film required to secure the pallet
- One of the thinnest and least expensive Pre-Stretch wraps available in the Market
- Reinforced edges for Better Holding force
- Puncture/Tear Resistant
- Lightweight rolls for minimal fatigue
